Work Experience //

Park Royal Studios London: I worked assisting photographers with lighting and setting up studios. It was a great experience for me working in a professional environment where I was able to use my skills and learn a great deal about professional photography.

Sainsbury's Burpham: I worked in various departments doing varied jobs ranging from replenishment, checkouts to customer services. During this I dealt with many customers and learnt to work as part of a team.

McKay and son's LTD: I have worked for a construction company having to learn new skills everyday and adapting quickly to changing environments. Working with different clients and workers on a daily basis.

During holidays from University I worked as a driver and a drivers mate for a temporary agency.

Reference available on request.

Interests //

I am not only interested in photography; I also enjoy web design, video editing and fine art. I am a keen football whether I am watching or playing it. Enjoy extreme sports such as snowboarding and skateboarding. I enjoy other sports such as cricket, rugby, snooker, tennis and golf. Also enjoy travelling, seeing the world, new places, meeting new people and different cultures.
